This is my classroom, and these are my classmates. My best friend's name is Andrew. He is writing on the blackboard. My other friend, Amy, is very funny. She is talking and telling jokes to Bradley. They aren't listening to the teacher. The kid in the front row is throwing a paper airplane. He is always misbehaving. The teacher is looking at the map, so she doesn't see the airplane. I'm standing near the window looking outside. It's a beautiful day. I wish I could go outside right now.

Hi guys; I am Aurora. I graduated from Long Island University last year. I was majoring in Biology. Though the university campus was very far away from my home, I liked my journeys to school. Once there was a traffic congestion and I had a final exam in my first class. I was really excited because I entered the class in the last minute. There were a lot of friends so I never got bored in my uni. years. I was very successful in my lessons. Some of my friends failed because of their indifference to classes. I really liked my school and I want to continue my education at the same university. Bye..
